

You are cordially invited to attend!

The Alliance for Teacher Excellence 2010-11

Final Project Presentations

During our two-week summer program and six follow-up workshops,
we explored digital storytelling and the many ways
it could be integrated into curriculum and school life.

Each participant designed and implemented a specific unit or application
during the school year.

The presentations provide a detailed overview of their work.

**Saturday, May 7, 2011
9:00 am – 11:30 am
